

BIOGRAPHY

Tina Marie Jones is a powerful force when it comes to personal development, leadership and communications. As she so bluntly puts it "I am not one to get over anything; I go through it!"

Both personal and professional success require confronting obstacles head on and taking risks. What looks like a risk can actually turn out to be our biggest YES.

Tina Marie Jones' dynamic presentations on Living to the Power of YES! will engage, entertain and challenge you. Her simple system - go for the NO (obstacle), discover the KNOW (knowledge) and get the YES (empowerment) - is effective whether your organization is challenged with improving team dynamics, inspiring creativity and motivation or increasing sales.

Tina Marie Jones' clients include corporations, executives, non-profit organizations and educators. As a former corporate executive, she has led several companies to success. She understands how to leverage a business' most important resource, its workforce, to create value.

Tina Marie Jones is also the creator and host of the critically acclaimed Holistic Living Radio Show which receives 75,000 listeners per month. Through her radio show, Tina Marie has interviewed influential leaders such as Deepak Chopra, Mary Morrissey and John Demartini, *The Secret*.

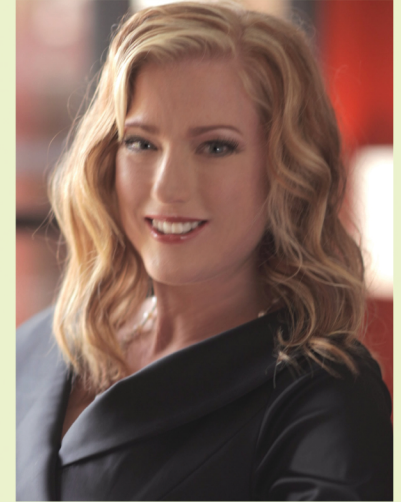

In her spare time, Tina Marie takes her message to the prison system to teach those inside to embrace entrepreneurship and discover their potential. She is also currently working on the Living to the Power of YES! book to be released in the winter of 2011.

What you are doing is absolutely wonderful and necessary because it's called providing knowledge and knowledge is power and that's the thing that we want as individuals is power. Tina Marie connected with the students of the Wolff Center for Entrepreneurship in a very unique and captivating way; teaching team-building and personality types. Not only was the information incredibly entertaining but it will also be a valuable asset to them as they start their companies and begin to hire a team. I can't wait to work with her again.

Tina is a master at communicating an essential blueprint every individual needs to get to YES! Tina's talk, Living To The Power of YES! can create a tremendous impact in a person's life. Invest in yourself; invest in Living To The Power of YES!
Joe Heller, Participant, *Living To the Power of YES!* workshop

Tina Marie was so moving and eloquent as she spoke about her life in teaching life lessons to the audience. She was honest and her presentation was so heartfelt. She was able to speak extemporaneously (which is something I strive to do). She has inspired me to even hope to be half as amazing as she is. Really dynamic!
